3) Details of the search function

< Global search >

By clicking the [Advanced Search](#) on the global search page, you can set detailed search criteria.

The screenshot displays a search interface with two main sections, each highlighted with a red border. The top section, titled "Criteria common to all products", contains four input fields: "Keyword" and "Product Code" (both with "Please enter keywords" placeholder), "Category" (a dropdown menu set to "Global search"), and "CAS No." (with "Please enter keywords" placeholder). The bottom section, titled "Antibodies search" and "Antibodies related criteria", contains five dropdown menus: "Host", "Antigen", "Cross Reactivity", "Application", and "Conjugate", each with a "Please select" placeholder. Between the "Host" and "Antigen" dropdowns, and between "Cross Reactivity" and "Application", there are radio button options for "AND" (selected) and "OR". At the bottom of the interface are two buttons: a blue "Search" button and a grey "Clear" button.

3) Details of the search function

<Antibodies>

By clicking the [Advanced Search](#) on the antibodies search page you can set detailed search criteria related to antibodies.

The screenshot displays the 'Advanced Search' interface for antibodies, organized into two columns. The left column contains fields for 'Keyword', 'Sub Category', 'Host', 'Cross Reactivity', and 'Conjugate'. The right column contains fields for 'Product Code', 'Antigen', and 'Application'. Each field is a dropdown menu with the placeholder text 'Please enter keywords' or 'Please select'. Below the 'Host' and 'Cross Reactivity' fields, there are radio buttons for 'AND' and 'OR' selection. At the bottom, there is a blue 'Search' button and a grey 'Clear' button. A blue 'X' button is located in the top right corner of the search panel. The labels 'Host', 'Cross Reactivity', 'Conjugate', 'Antigen', and 'Application' are circled in red.

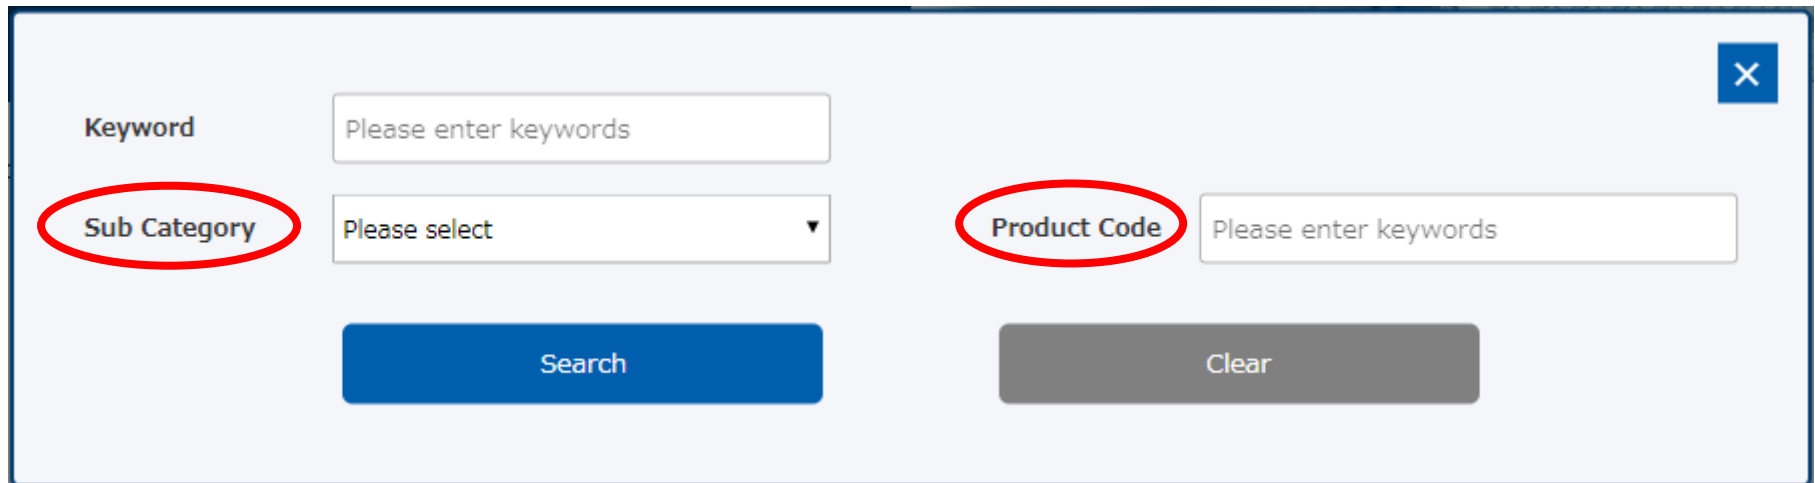

Keyword	Please enter keywords	Product Code	Please enter keywords
Sub Category	Please select	Antigen	Please select
Host	Please select	Application	Please select
Cross Reactivity	Please select		
Conjugate	Please select		

Buttons: Search, Clear

3) Details of the search function

<All products except antibodies>

By clicking the [Advanced Search](#) on the other search pages you can set detailed search criteria.

The screenshot shows an advanced search interface with the following elements:

- Keyword:** A text input field with the placeholder text "Please enter keywords".
- Sub Category:** A dropdown menu with the placeholder text "Please select". This label is circled in red.
- Product Code:** A text input field with the placeholder text "Please enter keywords". This label is circled in red.
- Search:** A blue button.
- Clear:** A grey button.
- Close:** A blue button with a white 'X' icon in the top right corner.

4) My List

From the search result page presented in the point 3), add products in My List ⇒ Click the My List icon on the top right of the screen ⇒ Select the products from My List ⇒ You can then make a [Request for quotation](#) or [Print the product list](#) for the selected products.
